The rental agreement is valid only for the agreed period as described on the concerning invoice. There is no right for the renter outside of this period. In principle the rental period is minimum 3 days. The owner will issue the PIN code to enter to the renter if the entire invoiced amount has been paid and has been received by the owner in time. Per person one bed linen and towel set is included. In case the renter would like more of these sets, this can be arranged if asked for in time. Also extra cleaning can be arranged at € 40,-- per hour, which might be convenient for a stay of longer then one week.

The apartment will be available on the day of arrival at 15;30 and needs to be departed on the day of departure at 10;00 (exceptions can be discussed if the villa is not occupied by another party the same day) If you sent the owner the license plate number of your car he can make sure the barrier will open so you can unload your luggage at the front door of the apartment. Afterwards the car must be parked at the parking.

It is not allowed to stay in the apartment with more people than originally booked. The owner can refuse admission to the apartment for these people or ask for additional rental money that needs to be paid direct in cash. The owner or his representative can also deprive entrance to the apartment for all and cancel the rental agreement without refund in any way.

A down payment, as stated on the invoice has to be received into owner's bank account within 5 working days. Receipt of the down payment at this time will make the booking final. If the down payment has not been received in time the booking will be considered as not confirmed. Owner has the right to rent it out to another party. The total amount as on the invoice needs to be into owner's bank account ultimately 4 weeks before the beginning of the booking period. The bail will be returned to the renter within 2 weeks with deduction of eventual damages, losses and breaks. Not making the last payment in times gives owner or his representatives the right to cancel the reservation without a refund of the down payment.

In case of a cancellation of the booking, no matter at what reason, the following cost will be charged(This rule applies to both parties in the event of cancellation):

- more than 16 weeks before start of rental period: restitution of down payment with deduction of € 50,00 administration costs.
